# NOGs Around the World

# Why Participate in a NOG?

- See where industry is moving/new technologies and developments
- Meet technical community in the region
- Learn about common technical issues
- Extend business network
- Exchange ideas and knowledge

# The Internet Landscape

- Multi-stakeholder arena
- Constantly changing, reaching all sectors of society
- Everyone trying to carve their niche in Internet administration/government
- Technical community remains an important stakeholder
  - Together, you are a *powerful* voice

# Regional Importance

- Bring regional developments, content and community to a wider audience
- Attract international community regionally
- Global Internet, regional specifics
  - Listen and use what's developed or participate and be developers
- Talent in this region needs to be brought to the global arena

# Regional Importance cont...

- What's happening here is important to the global Internet community
  - ENOG is webcast live to help extend reach
- RIPE community is interested in what happens here
  - Bring content and this community to RIPE
- Regional representation on RIPE Programme Committee:
  - Andrei Robachevsky, ENOG PC Chair
  - Osama Al Dosary, MENOG Chair

# ENOG, Welcome to the NOG Family!
